

Most likely to succeed.

The best way to learn to succeed as an adult is to be taught how to succeed as a child.

The ToTal Experience, our Sunday Hebrew school program does exactly that. It teaches children to love their lives and their days - their childhood by introducing them to their Jewish heritage in ways that are fun and challenging: heartfelt and mind-opening.

We have a ToTal Sunday Hebrew school near you. It starts this September and has openings now for children from seven to 13 years of age.

To find out more and to enroll your child, please contact:
